### II. PHOTO / VIDEO

TRSF is excited to promote to the home school community what is available and what to expect when participating in our workshop. In an effort to do this, photos are the best means to do so. If names are used, only first names will be utilized. Please indicate your consent below for us to use pictures taken of your student(s) and of your family in our group settings. Should you decline, we will only use pictures of the work done and for our group photos, we will blot out your faces. This takes a great deal of volunteer time and takes away from the effect of the picture, so please consider assisting us in getting the word out with your consent.

Please circle. **NOTE:** If not circled and this section is signed, it is understood to imply YES.

**YES, I do** or **NO, I do not** hereby give permission for images of my child(ren) registered as a participant(s) and of my family, photographed during participation in the Science Fair Workshop through video, photo, and digital camera, to be used solely for the purposes of TRSF promotional material and publications, and waive any rights of compensation or ownership thereto.
